

ATTITUDE OF FRANCE STILL IN DOUBT

UNOFFICIAL ADVICES INDICATE ACCEPTANCE OF U.S. SHIP PROPOSAL

French Delegation and Secretary Hughes Differ, However, in Interpretation of Premier's Message—Real Decision May be Left With Representatives in Washington

WASHINGTON, Dec. 19.—France has taken steps to reconcile her views on the naval ratio problem with those of the other powers, but precise attitude—now the crucial issue of the arms negotiations—remains in doubt.

Unofficial advices from abroad today indicated that Premier Briand had decided to accept the American proposal for a French capital ship fleet of 175,000 tons in place of the 350,000 ton plan drawn by the French delegation.

Secretary Hughes, as chairman of the arms conference also received from the French premier a communication construed at the state department as meaning that the French group had been directed to accede to the American program.

But the French delegates themselves, did not so construe a long message of instructions received from the premier during the day. They described it as advising them to go as far toward meeting the American views as they could without sacrifice of French national interests. It was said not to embody a specific decision nor to make reference to any specific tonnage plan.

DIVERGENT VIEWS ON RETENTION OF CUBAN SUGAR TAX

Arguments are Made Both For and Against It

(By The Associated Press)

WASHINGTON, Dec. 19.—Extended arguments for and against retention of the present temporary duty of 1.6 cents a pound on Cuban raw sugar were presented today to senate tariff framers.

Spokesmen for American sugar companies operating in Cuba declared the existing rate would prevent the rehabilitation of the industry in the island republic.

Representatives of the beet sugar industry in this country asserted that a return to the Underwood law rate of one cent a pound would prevent the development of that industry if it did not destroy it.

The senators were told by those representing American companies in Cuba that more than a mere tariff question was involved; that the rehabilitation of Cuba depended upon the sugar industry and that the United States was morally bound to aid that country.

They also argued that there was \$1,000,000,000 of American capital invested in the Cuban industry as against \$200,000,000 in this country.

Spokesmen for the industry in the United States testified that the beet sugar industry had been developed in it \$200,000,000 in seventeen states; that 600,000 with 95 factories. It now is producing annually 1,000,444 tons of sugar, or nearly one fourth of the domestic consumption and is reclaiming waste land because the beets will grow where other produce will not.

The acreage now is \$80,000 and the farmers raising the crop number 100,000, who give employment to an additional 85,000 hands.

Given proper protection the witnesses argued, the industry would expand to the point where it could supply most of the domestic demand and in case of war make the country independent of foreign countries. It also was contended that the raising of beets improved farm lands and made them more productive when later sown to other crops.

SALE OF WINE AND BEER WOULD ADD HALF BILLION

Washington, Dec. 19.—Modification of the national prohibition amendment to permit the sale of beer and wine would mean an addition to the government's revenues of half a billion dollars a year, high officials said today. Estimates made in connection with proposed legislation to legalize the sale of beer and wine have revealed, officials said, that \$500,000,000 yearly would be collected in taxes from this source.

STILL REPRESENT CHINA IN TRUTH DELEGATES SAY

Issue Statement Relative to Chinese Cabinet

(By The Associated Press)

WASHINGTON, Dec. 19.—Declaring they still "represent China in truth," despite the resignation of the Peking cabinet, the Chinese delegation in a statement today declared that unless the twenty-one demands enforced by Japan on China in 1915, "are cancelled, the principles adopted by the Washington conference amount to nothing more than a scrap of paper."

The delegation members said that Dr. W. W. Yen, minister of foreign affairs, had consented to remain as acting premier.

The statement issued by the delegation said in part:

"In reply to inquiries concerning recent news from China it has been said by members of the Chinese delegation that the proceedings at the Washington conference have emphasized the desire to unify China and the unity of the country."

"It is the belief that the unification of the country is the sine qua non for an independent nation. Without a strong central government supported by the various strong parties in the country it is impossible to avail ourselves of all the advantages to be derived from the principles adopted at the Washington conference."

"General Chang Tso Lin, in Manchuria, naturally considers his region most likely to be affected by the decisions of the Washington conference. The Japanese delegation has delayed and postponed the deliberations with regard to China and they are determinedly holding on to the privileges in Shantung. There is this feeling that the interests of Manchuria might be bartered away since the Japanese refused to scrap the twenty-one demands affecting the future of those provinces."

"It must be recalled that the twenty-one demands, presented at an ultimatum but since they affect the territorial and administrative autonomy of the Chinese government unless the Chinese are cancelled the principles adopted by the Washington conference amount to nothing more than scraps of paper."

"History is in the making and we do not know the final results, but of this we know that all the men in China, both high and low, are thinking of unification."

"A few men of the cabinet might be changed and the president might retire but his retirement is only an indication of the general desire to sacrifice personal glory for national unity and welfare. In China public opinion runs so high that unless a leader gets the full support of the public he cannot control the reins of government for any length of time."

"In this movement in China, one can easily see that the leaders are actuated by patriotic motives and they are willing to yield their positions to some acknowledged leader who has the support of the people. The Chinese delegation at Washington conference has the continued support of the people so that they will represent China in truth."

ILLINOIS STAATS ZEITUNG IS SUED BY LEGION POST

Suit Caused by Article Attacking American Legion

(By The Associated Press)

CHICAGO, Dec. 19.—Warren A. Johns, commander of the Blackhawk post No. 107, of the American Legion, announced tonight that a praecipe will be filed in district court tomorrow by Palmer D. Edmunds, past commander of the post, against the Illinois Staats Zeitung, for \$100,000 in behalf of Warren Johns, commander; George F. Carroll and Frank E. Leach, senior and junior vice commanders; Sherwood Lee, finance officer; Jack Kennedy, sergeant at arms; James C. Russell, executive committee member and other members of the Blackhawk post.

"The basis of action," Attorney Edmunds said, "is an article published by the Staats Zeitung, Dec. 13, 1921, alleging that the American Legion is an instrument bought with British gold to suppress truth, to gag freedom of expression of opinion and to betray American organized labor."

"It is alleged that those members of the Legion who volunteered for military service in 1917 were the refuse of the nation and that those members of the Legion who did not volunteer were simply conscripts who obeyed the call to arms under hated compulsion and were unable to show patriotic zeal."

REVOLUTION IS ON IN PORTUGAL

(By The Associated Press)

LONDON, Dec. 20.—A revolution has broken out in Portugal, according to a despatch to the Daily Chronicle from Paris.

It began with the cannonading along the Tagus river and severe casualties have resulted to both sides in the controversy.

The hospitals are crowded with wounded and dying. The despatch added that Cunha Leal, who formed a temporary ministry last week, was attacked in the Carlos Barreiros and he and his followers were compelled to beat a retreat. The fate of the premier is not known.

ASKS PARDON FOR MAN WHO SHOT HIM

Louisville, Ky., Dec. 19.—Judge Harry W. Robinson, in a letter to Governor Morrow, has asked that a pardon be granted to this lawyer who shot him from his bench in criminal court two years ago, dangerously wounding him. The lawyer, Frank Douglass, is serving a prison sentence for the crime.

The approach of Christmas and the fact that the prisoner has two small children were included in the judge's request for the release of his assailant.

PHILADELPHIA, Dec. 19.—Ada Gilman, one of the best known actresses on the American stage for nearly half a century, died yesterday at the Edwin Forest home for actors at Holmesburg. She was sixty-seven years old.

PRYOR, Okla., Dec. 19.—A cablegram stating that Richard Croker, former Tammany chieftain of New York, was very ill, sent by his wife, Mrs. Bulah Benton Edmondson Croker, summoned Bruce Garrett, prominent local citizen hurriedly to Ireland yesterday, a week ago, it became known today. The message urged Garrett to come at once. Mrs. Croker is a daughter of Mr. and Mrs. M. S. Edmondson, of this city.

SPRINGFIELD, Ill., Dec. 19.—Four hundred and fifty coal miners of Springfield and Lincoln are thrown out of work indefinitely by the closing today of the Cora mine, seven miles north of this city and the Lincoln-Latham mine at Lincoln. Closing was ascribed by operators, to the lack of demand for coal.

HUNTSVILLE, Ala., Dec. 19.—Will Ricketts, proprietor of a local cafe, is dead; Fred Mutterer, a son of a local merchant, is in a dying condition, and five girls are in jail, charged with the murder and assault with intent to murder, as the result of a fight here last night.

WASHINGTON, Dec. 19.—Approval of 150 advances for agriculture and live stock purposes, aggregating \$4,234,000 was advanced today by the War Finance Corporation. States participating in the loans included Illinois, \$30,000; Indiana, \$25,000; and Iowa, \$703,000.

WITNESS IN BIG PAYROLL THEFT IS FOUND DEAD

Isaac C. Lockard's Body is Found in Straw Stack

(By The Associated Press)

EDWARDSVILLE, Ill., Dec. 19.—The body of Isaac W. Lockard of Nokomis, Illinois, was found this afternoon in a straw stack on a farm five miles west of here. Lockard had given important information to authorities in connection with the \$95,000 payroll robbery at Kinkaid last August. He had been struck on the head and shot in the back of the head and apparently had been dead several days.

The body was found by John Feldman, on whose farm it had been concealed in the straw stack about 200 feet from a road. As there was blood on the straw and none found on the path from the road to the stack, authorities expressed the belief Lockard was lured to the stack and killed there.

There was snow on the body which indicated it had been there before Saturday when snow fell.

Farmers said an automobile had been driven thru the neighborhood at high speed before dawn Friday. Lockard had given information to State's Attorney Dowell of Taylorville against his cousins, M. J. Lockhart of Kinkaid and Jess Lockhart of Taylorville who are under bond in connection with the Kinkaid robbery and was to have been a witness against them.

The robbery was committed Aug. 15, when a mail carrier was held up between the postoffice and bank at Kinkaid.

OLD PRINCETON ALUMNI IS DEAD

Trenton, N. J., Dec. 19.—Former state supreme court Justice Bennett VanSickel, 91, one of the oldest alumni of Princeton University died tonight after a brief illness. He entered Princeton when 13 years old and was graduated 1846 at the age of 16. Justice VanSickel aided in drawing the "Seven Sisters" acts which were designed to curb the activities of trusts in New Jersey.

REILLY WILL GO BACK TO PORTO RICO

Washington, Dec. 19.—Governor E. Mont Reilly of Porto Rico will return to Washington after he visits his home in Kansas City, Mo., probably to receive instructions from Secretary Weeks of the war department relative to the continuance of his administration in Porto Rico.

The governor announced today he would leave for Missouri tomorrow to attend to personal affairs and would sail from New York as soon as possible thereafter.

WILL FREE STEAMERS FROM SAND BARS

Buffalo, N. Y., Dec. 19.—A fleet of tugs and lighters will begin work tomorrow to free six big lake freighters which were driven onto sand bars during Sunday morning's gale. The boats are loaded with grain. One is in a dangerous position.

The death list in the storm stood at two tonight.

CHICAGO SQUEAKS BUT IS HARD TO HOLD DOWN LID

Arrest Hundreds But Only Small Start is Made

(By The Associated Press)

CHICAGO, Dec. 19.—While hundreds of persons charged with violation of the prohibition law, jammed Chicago municipal court branches today, the police opened up a flank attack on liquor law violators when it was announced that private lockers in clubs and other semi-public places would be investigated next.

While the courts were grinding away in an effort to dispose of the cases of 500 persons tagged in the week-end sorties for li- quors, Charles F. Clynne, district attorney, announced that the government was prepared to prosecute cases where it was felt that the state did not secure a sentence severe enough.

Meanwhile the police, under orders to make "Chicago so dry it squeaks" had gone back for more and during the day dozens of raids were conducted with the result that the names of other persons were added today to the long list of those being rounded up in an effort to make Chicago dry.

Fines ranging all the way from \$10 to \$1,000 were meted out to defendants who pleaded guilty today. The majority of those appearing in the courts, however, asked for continuances until January, which in most cases were granted. Attorneys hastily summoned to defend those charged with having or selling liquor, asserted that the police were without power to carry on raids and search the persons or premises of industrials unless they first obtained search warrants. A test case carried to the supreme court on this contention seemed likely as the same defense was announced in case after case.

Some additional spikes were driven into the liquor lid today when Coroner Peter Hoffman announced that the seller and maker of any liquor which directly or indirectly causes the death of a person, will be charged with murder.

District Attorney Clynne said tonight that Chicago will be dry by New Year's day, while Chief of Police Fitzmorris said that "Chicago is technically dry today, but we will not relax."

"The more exclusive the place, the more prominent the persons arrested, the better I will like it," said Chief Fitzmorris, "for it will show that no one is immune."

Most interest today was probably taken in the case of James Baker, arrested Saturday in a raid on an exclusive North Shore club, and Day Monson, an attorney arrested at a ball sponsored by actors. Both asserted they would fight the charges and secure continuances.

CASH IS FOUND IN SAFETY DEPOSIT BOX

(By The Associated Press)

CHICAGO, Dec. 19.—Twelve envelopes containing \$1,042 in cash were found in a safety deposit box of the Michigan Avenue Trust company now insolvent when the box was opened today before Edwin A. Munger, master in chancery. The envelopes bore the names of twelve bank employees.

The box was opened following a request by one of the attorneys reporting last day depositories who are seeking preferential claims, following the report that money in the savings accounts of some of the employees had been withdrawn just previous to the collapse of the company and had been placed in the deposit box of the cashier, C. A. Beutel.

ISSUES INJUNCTION AGAINST TRADES COUNCIL

St. Louis, Mo., Dec. 19.—An injunction restraining the building trades council and the St. Louis local of the Journeymen Stone Cutters association from interfering with the use of Bedford, Ind., here and in this vicinity, was issued late today by Judge Farris of the federal court. The injunction was granted on the application of Shea & Donnelly and other stone companies of near Bedford.

NOTHING TANGIBLE AS TO FINAL ACTION OF DAIL ON IRISH TREATY

Adjourns After Two Lengthy Public Sessions Devoted to Earnest Debate—Many Want to Speak on Treaty—Division Shows Many Notable Leaders are in Opposition

(By The Associated Press)

DUBLIN, Dec. 19.—When the Dail Eireann adjourned tonight after two lengthy public sessions devoted to earnest debate nothing tangible had developed to indicate how the members would vote on the question of ratifying the treaty designed to set up the Irish free state. Immediately after adjournment, the correspondent interviewed four prominent Sinn Feiners, Deputy Duggan, Mrs. Sheehy Skeffington, Tom Johnson, secretary of the Irish Liberal movement and Colonel Maurice Moore.

All of them declared it was impossible to make any estimate of the relative strength of those favoring and those opposing the treaty or to hazard a guess as to which side would eventually gain a majority.

The uncertainty of even the prominent leaders regarding the result was reflected on the one side in Michael Collins' declaration that he might never again address the Dail Eireann, and on the other side, Charles Burgess' pointed statement that he was "still in office," indicating to the listeners his apprehension that he might possibly be defeated.

The proceedings are certain to last thru tomorrow, as many of the minor members have indicated their intention of speaking. No time limit has been set for the speeches, and some think that the debate may even continue thruout the entire week.

An outstanding feature was the attempt by the delegates to the London conference to deprive Mr. Devalera of his claim of adherence to the Republican principle by demanding the publication of his plan for alternative settlement, which it was revealed had been submitted at last week's private sessions of the Dail.

The argument was that the nation had a right to know what were the two policies they were expected to decide upon and that as a matter of fact neither was Republican.

Resists Publication.

Mr. Devalera resisted publication of his alternative plan explaining that it was put forward only in an attempt to secure unanimity in the Dail Eireann and was now irrelevant. He promised, however, at a later stage to indicate in his own way the alternative proposal.

The division in the Sinn Fein parliament cut across all ordinary lines. It is not a case as to day's proceedings clearly showed of the Irish army arrayed against civilians for notable army leaders were found both for and against the treaty. Mr. Devalera, Griffiths, Collins, Childers and several other prominent men in the councils of the party spoke today on either side, but it is generally agreed that the most sensational and most impressive contribution was Robert Barton's narrative of the circumstances under which he and other delegates were according to his statement, forced to sign the treaty, without referring it back to the cabinet at Dublin.

CONTRACT SYSTEM FOR CAR REPAIR WORK IS DEFENDED

Economy and Efficiency Reason for the Plan

(By The Associated Press)

CHICAGO, Dec. 19.—Economy and efficiency were the only motives behind adoption of the contract system of car repair work established by the Indiana Harbor Belt Railway, George Hannauer, vice president and general manager of the United Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers, that the system is part of a series of legal frauds and conspiracies to force workers to accept lower wages than the scales outlined by the board.

In reply to the complaint of the Federated Shop Crafts and the United Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers, that the system is part of a series of legal frauds and conspiracies to force workers to accept lower wages than the scales outlined by the board.

Mr. Hannauer said, "his railroad had saved forty per cent on car repairing and 67 per cent on maintenance of way since the work was let to contractors."

The men, he added, also earned more than they did under rates (Continued on Page Four.)

MANY WOMEN ARE HAILED INTO COURT

(By The Associated Press)

PITTSBURGH, Pa., Dec. 19.—The process of women alleged to have participated in the marching to the mines of the Kansas field early last week, in the Crawford county district court, continued today.

Late this afternoon a squad of six women, all of Capallo, came into Pittsburgh under strict escort of some deputy sheriffs. They were charged with unlawful assembly in connection with marching upon a mine in a coal district near Capallo. The women are all married. They are Mrs. Katie Collern, Mrs. Lawrence Dugoni, Mrs. Dominick Paglia, Mrs. John Berto ad Mrs. G. Frontizi.

Pleading not guilty before Judge F. Beezeley, their bond was fixed at \$750 and their hearing set for the February term of court. They immediately began preparations to give bond.

SON OF PROMINENT ST. LOUIS MAN SENTENCED

St. Louis, Mo., Dec. 19.—Eliza B. Hill, son of a wealthy retired resident, was today sentenced to serve three years in the federal penitentiary at Fort Leavenworth and pay a fine of \$1,000 following his conviction on a charge of passing a "raised" \$1 bill to \$10 on a clerk in an East St. Louis, Ill., drug store. The sentence was passed by Judge English of East St. Louis.

There must have been some wonderful management in the co-operative stores' organization to reduce the \$28,000,000 of assets to \$16. Thus far no satisfactory explanation has been made of how the money was spent, and that is just why an investigation is pending.

A committee will seek to have the Wabash railroad add another train to the local service. Of course there is no use being pessimistic on the subject, but with the establishment of motor bus line service between Springfield and Jacksonville.

A new cereal mill may be established in Quincy as the result of a visit there of some eastern men. These travelers from the east should not overlook Jacksonville in contemplating the establishment of a new cereal mill, for this city is in the very heart of a wonderful producing area. The only super-advantage that Quincy can offer is water transportation, but that lack here is more than made up by the fertility of the surrounding territory.

The state law requires additional firemen for Jacksonville and at least two new men will be added to the department in January. The city council dislikes to make additional expenditures at this time, but the law must be observed and the way to finance the proposition will be found. With the increase in the number of firemen, and the better fire protection which has come from the city's abundant water supply, possibly the day may come when Jacksonville will be entitled to lower insurance rates.

The French proposal for an additional ship building program came like a bolt from a clear sky, just at the time when it seemed that there had been a happy disposition of all the big problems confronting the conference. Somehow Americans are not appalled by the French proposal, and have the feeling that by the conference method the French will see the unreasonableness of their requests and recede from their position. The American view of the reasonableness and good sense of France is based upon long years of friendly relationships.

The tour directed by the national budget association has been quite successful in impressing upon business men the need that exists for curtailing government expenses. Representatives of the association have been visiting many of the principal cities, meeting with citizens and there discussing the means of putting into effect some of the economy methods suggested by Gen. Dawes, director of the budget.

It is believed that the tour will be very beneficial in that prominent residents of many cities will gain first hand knowledge of some of the Dawes recommendations, and furthermore, a sentiment will be created which will be reflected in Washington in supporting some of the general recommendations.

Under the heading, "Favorable Signs," the Indianapolis News says:

The recent rise in exchange, the improvement in the bond market, the decrease in the number of unemployed, and the awakening interest even at this early day in next year's building operations, are all favorable signs. A few days ago Secretary Hoover said that the situation in Europe was bad, the outlook was much less gloomy than was generally supposed. Word comes from both London and Paris that business men and bankers feel that the tide has turned—or at least is turning—and the feeling in both capitals is distinctly cheerful.

ILLINOIS COLLEGE MEETS ST. LOUIS U.

Fast Missouri Team Here Tonight
Game Will Start at 8 O'clock in David Prince Gym.

Illinois College and St. Louis University will mix on the David Prince gymnasium floor tonight at 8 o'clock when the Illinois five tackle the University team from the Missouri metropolis. If past games between these two teams can be taken as a standard the fans are due to see a real contest tonight.

The last game between these schools played two years ago was a hair-raiser. Ed Tomlinson was performing at center for Illinois College that night and he had a deadly eye for the basket. The St. Louis University center was also playing a whirlwind game that night and the battle between the two centers was an interesting one. The game, in doubt right up to the last minute, was won by St. Louis by the very close score of 22 to 18.

Tonight the Illinois players are determined to turn the tables on the Missourians.

The St. Louis team, the best that has represented the University in a number of years, is starting on a two weeks' trip which will carry them into the east during the holiday vacation. Illinois is the first opponent to be met in long series of games.

Hiatt and Antrobus at forwards, Capt. Mellon at center, Cully and Jones at guards will likely open the fray for Illinois. Farrell, Harney, McConnell and Frazer, forwards; Dale and Witasek, centers; Burris, Struck, Best and Henry, guards, will all be to reserve, ready to break into the game if opportunity offers.

H. V. Millard, Illinois Wesleyan, of Decatur, will officiate.

VANDALS AT WORK IN BEARDSTOWN

The city of Beardstown is all "het up" over the work of vandals which occurred in that city some time Saturday night.

Recently the merchants of Beardstown placed decorations, after the order of those used by merchants here, around the business district. Saturday night vandals carried nearly all of the decorations and piled them in front of the John Broeker drug store.

On the pile was placed a sign "No hunting." Some of the decorations were placed in front of the city hall. The entire city is up in arms and if the culprits are caught it may go hard with them.

GIRL DIES WITHOUT MEDICAL ATTENDANCE

Coroner of Scott County Investigated Death of Daughter of Virgil Thomas.

Winchester, Dec. 19.—Coroner Thomas Webster was called to Glasgow Sunday morning to the home of Virgil Thomas, whose eight year old daughter, Viola, died Saturday evening after only a brief illness. The coroner's jury found that death was due to a violent cold and sore throat which probably resulted in pneumonia because of lack of medical care. The jury included: M. L. Hamilton, foreman; M. E. Miller, James A. Summers, William Harris, Robert Spreen and Chester E. Coultas.

Fred Coultas has been confined to the house for the past two days on account of illness and Monday it was learned that he was suffering from typhoid fever. Mr. Coultas has a position in East St. Louis but will not be able to resume his duties there for a number of weeks to come.

Mrs. Carl Campbell of Mt. Sterling is visiting at the home of her parents, Mr. and Mrs. Arthur Markillie.

T. J. Priest, daughter, Ruth and son Jean arrived Monday from Quincy.

Mrs. Fritz Haskell returned Saturday night from Arnold, Neb., where she was called by the death of her father, Rev. Nathan English.

School district No. 46, of which Miss Katherine Oehler is the teacher, gave an entertainment and box social Thursday evening which was quite a success. More than \$50 was cleared as the result of the evening's entertainment and a very enjoyable program was presented by the children of the school.

Master Virgil Dolan entertained twenty-three of his little school friends Saturday afternoon, the occasion being in honor of his birthday. The Dolan home was prettily decorated with Christmas greens and various games furnished amusement of the afternoon. There was a fish pond from which each little guest drew a nice souvenir. Refreshments of ice cream and cake were served, a large birthday cake occupying the center of the table. The little lad received a large number of very nice gifts.

Mrs. Fred Lawson of Brighton visited Winchester Monday.

WILL GIVE BOX SOCIAL

A box social and program will be held at Yatesville school north-east of the city, Wednesday evening. Miss Agnes Lomergan is the teacher. The program by the pupils follows:

WILL HAVE BUS LINE TO SPRINGFIELD

O. M. Olson Will Put One in Operation Probably Wednesday—Fare Same as That on Railroads.

The Springfield-Jacksonville passenger bus will make its first trip Wednesday from this city to the capital. An 18 passenger bus, owned and operated by O. M. Olson of Peoria is to run once daily between the two cities. If the enterprise is a success, more busses will be added.

Mr. Olson arrived in the city Monday driving the black and yellow bus, which was made by a Peoria firm on a Reo chassis. The seating arrangement is like a street car and there is plenty of space for baggage.

The fare cannot be below railroad fare and bus lines are permitted to charge as high as five cents per mile for transportation. The owner said that probably the rate would be the same as on the railroad.

A franchise has been applied for at the Illinois Commerce Commission but is allowed to be in operation at once.

The trip was made in less than two hours, Sunday night over the state road. The Morton road with fifteen miles of hard road, was tried on the return trip.

Mr. Olson expects to move his family to Jacksonville. He has a son in the School for the Deaf.

HON. O. F. BERRY IS CALLED BY DEATH

Prominent Citizen of Carthage Dies at Local Hospital—Member of Senate for Twenty-two Years

The death of Hon. Orville F. Berry of Carthage, one of Hancock county's most prominent men, occurred this morning at a local hospital. A month ago, Senator Berry, who has not been in good health for several years, had a nervous breakdown.

The remains were sent to Carthage, at noon Monday, accompanied by his widow, Mrs. Anna Berry, and a daughter, Mrs. Lenore Wood. Funeral services will probably be held Wednesday afternoon.

Senator Berry served in the Illinois senate for twenty-two years. He was an active citizen of Carthage and entered the practice of law in 1875. He was interested in a number of business enterprises, being president of the Mississippi Valley Telephone company and of the Dime Savings bank of Carthage.

Senator Berry had many friends and acquaintances in this city, as he frequently made business visits in Jacksonville.

In addition to his wife and daughter, he leaves a brother, M. T. Berry, cashier of the Dime Savings bank.

MINISTERS MET AT PASSAVANT

Following Giving of Program Ministers Inspect Plant—Interesting Talks Are Made

The ministerial association meeting Monday morning was at Passavant hospital and the program was given to representatives from the staff. After the papers, the members visited every department of the place.

Miss Ida B. Venner, superintendent, read a paper on pastoral visits, claiming that next to the doctors, nurses and relatives, the visits of the pastors are most helpful. She said that cheery company was always good for patients and that when the sick were encouraged it made the work of the nurses easier.

F. E. Farrell talked on the business side of hospital management and said that Passavant hospital was not a money-making proposition. He explained its origin from the Lutheran institution. Dr. Carl E. Black said that more consultations between physicians and ministers would be a fine thing. The minister could tell the doctor of the spiritual history of the patient, while the physical aspects of the case were understood by the doctor.

Endorsement of Senator John A. Wheeler's stand on the prohibition question was made during the Monday session of the association.

'Dawn of the East'

Countess Natalya and her youngest sister, Russian noblewomen, but refugees since the revolution, with other women of their class and predicament, drifted to Shanghai, where Natalya makes a bare living for herself and her sick sister by singing nightly in the Cafe of the Almond Blossom. In her anxiety to escape from this life which she loathes, Natalya falls into the net of Sotan, a Chinese villain, who pretends friendship for her and arranges the details of an official betrothal between Natalya and a wealthy Chinaman, Wu Ting, who greatly desires the beautiful Russian. As soon as the betrothal settlement is in her hands, Natalya and her sister escape to America, where Natalya marries Roger Strong, a young diplomat. Later Sotan follows her to America and blackmails her, telling her that the betrothal ceremony really constitutes a legal marriage and that she is Wu Ting's wife. Events march swiftly and in melodramatic fashion to the end of this fascinating love story of two hemispheres.

FARM BUREAU NOTES

Close of the Junior Corn Show—Sec. E. R. Hembrough of the Morgan County Farmers' Institute either gave the prize winners their checks Saturday or mailed them to the boys and girls today. In order to clear the room the exhibits were taken to the Farm Bureau Office where they will be turned over to the exhibitors as fast as they call. In the opinion of many, we ought to repeat the Junior show next year and put in a new class for corn actually raised by the boys and girls.

Burn Those Bugs—Chinch bugs are now found over more than half the area of Illinois. There are some in every county south of Peoria. Wherever it is possible to do so, the chinch-bug's hibernating quarters should be burned this winter. All the railroads in this area have been requested to burn their right of way as thoroughly as possible. Nearly all have agreed to do this. Every bug killed now may mean several heads of wheat or oats or a hill of corn saved next summer. Give 'em all a roast!—W. P. Flint.

YANKEE FIVE WHIPS GET-A-WAY TEAM

Final Score is 46 to 9—Get-A-Ways Couldn't Get Started

The Yankee Five whipped the Get-A-Ways at Liberty hall Monday evening by the one sided score of 46 to 9. The Get-A-Ways probably would have liked to get away soon after the game started but couldn't.

Every man on the Yankees scored two or more points, Trahey getting 18 and Norris 12. It was a case of the losers being outclassed in all departments of the game.

The guarding of the Yankee guards was such that the Get-A-Way forwards seldom broke thru it. Wright, Walls, Osborne and Branom made the points for the losers. The scores:

Get-A-Ways	F. G.	F. T.	Ts.
Wright, f.	0	4	4
Walls, f.	0	1	1
Conkle, f.	0	0	0
Branom, f.	1	0	2

ROGER BABSON POINTS TO FUNDAMENTALS

Eminent Statistician Told Eastern Audience Last Night Some Facts About Business—Message Sent Via Wireless to All Parts of the United States.

Medford Hillside, Mass., Dec. 19.—Speaking to an audience of from 35,000 to 50,000 people from the wireless telephone station at Medford Hillside, Mass., Roger W. Babson, foremost business statistician of America, tonight delivered the first business address ever given via the radiophone, to the largest audience which has ever heard a business talk.

Mr. Babson spoke on "When Shall We Return to Prosperity," pointing out the fundamental conditions which underlie the prosperity of a nation and the things which America must do to return to a sound, healthy business basis, for the benefit of the business man and the laboring man alike.

The talk was sent out from the powerful Medford Hillside station of the American Radio and Research corporation and was picked up by stations in all parts of the United States, east of the Mississippi river, in southern Canada, and at sea. It was estimated that he was heard by at least 35,000 people, and as his talk was received by newspapers in all parts of that territory it will reach millions of Americans.

On several previous occasions concerts and sermons have been delivered by prominent persons by wireless telephone, but this is the first occasion on which a business talk has been transmitted in this manner.

The Upturn.

Mr. Babson said: "Economists and some of our so-called business authorities are becoming befuddled by the prevailing pessimism and are issuing statements to the effect that business will not improve until 1923 or 1924. I should like to go on record as contradicting such an opinion. Fundamental conditions indicate at the present time that the low point and the turn upward will arrive in 1922. That you may get a clear idea of our exact present position as a basis for the solution of our problem, I shall review briefly the causes for the present depression.

"For eighteen months we have suffered the natural result of wartime prosperity—we have experienced the operation of the great law of action—reaction which governs our business world exactly as it governs our scientific and mechanical world, causing business to travel its inevitable cycle made up of succeeding periods of prosperity, decline, depression and improvement.

"We were just coming out of a slight depression when war was declared in 1914. Almost immediately we were called upon to feed and munition half of the world. Business was decidedly brisk. Prices began to rise under the keen competition of the buyers. Help became scarce and so the fear of losing a job disappeared and the worker gradually slackened his pace.

"In 1917 we entered the great world war, gradually, three to four million men were taken out of industry and put under arms. Orders increased, patriotic incentive was added to the natural drive. Our depleted working forces were called upon to produce more and more—to work at high speed and overtime. Wages and prices rose still higher. At the same time we were asked not to buy luxuries on the ground that even if the material were not needed, the labor necessary to manufacture these luxuries was. Instead of spending money we bought Liberty bonds, and built up a great reserve purchasing power. Prices, meantime, became quite unbearable and everyone looked forward to the end of the war as the day on which we would return 'to the good old days,' with prices and everything else

just as they were in 1913 and 1914.

"When Armistice day finally came, however, a slight reaction gave way almost immediately to the peak of prosperity such as you have never seen. Released from the patriotic necessity of working long hours everyone went on a holiday and production fell off. Simultaneously the public assumed that the patriotic necessity for holding Liberty bonds was passed. The millions of dollars of war loans became purchasing power. The inevitable happened. Prices soared and we went on a spree of speculation. Manufacturing capacity was increased by half to try and meet the demand. This prosperity of course was not sound. The inevitable crash came.

"When prices began to sag in the early part of 1920, the long suffering public went on a buying strike and determined to hang on to every cent they had as far as was humanly possible until prices got back to the 1913 levels. The speculators were caught, the hoarder of commodities was forced to unload, and we experienced the most drastic commodity panic in history. Our increased factory capacity was left idle. Business became stagnant, and we have been almost two years in the resulting depression.

"The causes for it are being removed, however, and we are well along with the foundation on which the period of improvement will be built.

"The inflation is being wrung from wholesale prices which are down to an average of 25 per cent above 1913 levels. Retail prices have not declined so much but will probably work lower on lines not already readjusted. Wages have been reduced in many quarters to make lower costs possible. Workers are coming to see that they must give as much as they can for the dollar they get, instead of trying to give us as little as possible and still hold the job.

"The fact is, that business is larger today than it was in 1913. The difficulty lies in the fact that the manufacturer now must market a great deal more goods in order to keep his enlarged plant busy. With this situation I can see for 1922 the keenest competition that any of us have experienced.

"This same competition will in the long run solve our problem. It will increase efficiency. It will lead to greater and more economical production thru the standardization of the manufacturing processes. It will lead to lower costs and lower prices. The manufacturer too, will concentrate his attention on giving just as much as he can for the dollar he gets, rather than trying to get just as much as he can for the product he offers. We are getting back to the solid foundation of honest value. In reality, we are all very much better off today than we were during the feverish rush of the last half of 1919.

"Start on Low Speed.

"If I may use an illustration, I should like to compare the business situation with an automobile. We have driven recklessly without regard for safety. We strained our business machine to the breaking point and naturally some-

thing gave away. We have had time to get it repaired. We have overhauled the engine. We have drained the crank case and put in new oil. We have filled it up with water and gasoline. We are already to start. The only thing that is holding us back is a minority, made up of a group of both workers and business men, who foolishly insist in trying to start in high. They want to begin just where we left off in 1919. They want to jump from a standing start to sixty miles an hour. Naturally the engine stalls.

"If everyone will start 1922 by going into low, and getting down to bedrock in prices and wages, we can get things started. Once under way we can shift into second and then into high with no trouble at all. I believe that this will be accomplished. By the end of 1922 things ought to look a great deal better.

CONTRACT SYSTEM FOR CAR REPAIR WORK IS DEFENDED

(Continued from page 1)

established by the board and worked eight hours instead of ten, as the complaint charged.

Contractors paid their employees an average of 73 cents an hour, he testified. This wage, he said, included "green hands" and apprentices, adding that experienced men earned an average of 91.6 cents for the first six months under the system and from 94 to 98 cents an hour during the last two months.

Testimony Occupies Day.

Thru the testimony of Mr. Hannauer which took up practically the entire day, Attorney Walsh

attempted to establish as the basis for his attack that the contractors were mere tools of the railroads in its alleged violation of the transportation act, that foreman now employed by the contractors were formerly employees of the railroad and were still working under the railroad's orders. Affidavits from employees of the Burnham Car company, the concern which does all the car repair work for the Indiana Harbor Belt Line stating that they were satisfied with wages and working conditions and had authorized no persons to protest to the board in their behalf were offered in evidence by Attorney Murray. To counteract these affidavits from workers who said they were forced to sign new working agreements under threat of losing their jobs, were introduced by Attorney Walsh. He also offered affidavits from workers who said they had

been discharged because they refused to sign the new agreements.

Mr. Hannauer testified that his railroad first began contract work in 1915, because it was found the work could be done cheaper under the system. Since 1919 he said, the company has been leasing refrigerator cars by contract and that when the first experiments on car repair work under contract were made such a remarkable showing toward economy was made that the system was adopted for all repair work.

WASHINGTON, Dec. 19.—Steamship lines which have brought immigrants in excess of national quotas under the three per cent limitation law to the United States, face imposition of fines aggregating \$1,050,000, if Attorney General Daugherty sustains the contention of the department of labor of their liability under existing statutes, Secretary Davis announced today.

Both from a humane and from an economic standpoint the deliberate bringing of excess aliens to American ports is a crime, Mr. Davis declares, the would-be immigrants suffering discomfort and in many cases, loss of their entire life savings as a result.

Haynes Says It Will Take That Much to do the Work

(By The Associated Press)

WASHINGTON, Dec. 19.—Employment of 750 additional prohibition agents will be possible; congress appropriates \$10,000,000 for enforcement of the Volstead law during the fiscal year beginning July 1, Prohibition Commissioner Haynes today told the house committee, which will draft the annual supply bill for the treasury department. An aggregate of \$7,500,000 has been appropriated for enforcement of prohibition during the current fiscal year.

Encouraging an increase in the allowance, Mr. Haynes said the additional force would be used in states where the enforcement of the eighteenth amendment had proven most difficult.

He expressed himself as pleased at the progress made in curbing the activities of bootleggers and declared the American public was showing that it favored rigid enforcement of the law.

Concentration into not more than half a dozen warehouses of the stock of liquor now stored in various localities under federal guard was advocated by Mr. Haynes. This would permit the use of fewer guards and would check illegal withdrawals of liquor stocks, he said.

ST. VIATORS LOOKS FOR GOOD SEASON

Four Regulars of Basketball Squad Back and Many Promising Candidates.

BOURBONNAIS, Ill.—(By A. P.)—With Howard Bushnell, former I. A. C. star forward, as coach, four of last year's regulars are back and 15 promising candidates, prospects of St. Viator's College in basketball this year are excellent.

T. R. Marvel, athletic manager at St. Viator's notes the high regard the team candidates have for their new coach. For the last four years, it is said, he was considered one of the fastest and cleverest forwards in the I. A. C. and a remarkable point getter at every tournament. He has an uncanny eye for the loop, they say, and is a hard man to guard, shoots fast and from any position, and is a good dribbler and passer.

With such a coach St. Viator's expects to hold up last year's record of only two losses in seventeen games.

L. Winterhalter of Elburn, Ill., is this year's captain. With him are the following old men: J. Clancy, center, of Odell, Ill.; V. McCarthy, guard, Rock Island; J. J. Lyons, forward, Wilkes Barre, Pa.; E. McLain, guard, Rock Island; W. Barrett, forward, Rockford; R. Bealy, forward, Davenport and P. Farrell, guard, Urbana.

Among the promising new men are: Winterhalter, Elburn, Ill., forward; R. Gullivan, an Urbana High star, forward; J. Lynch, Port Dodge, Ia., guard and C. Donnelly, Peoria, center.

The schedule so far as completed includes games with Crane College here; American College of Physical Education here and Chicago; Lewis Institute, here and Chicago; Valparaiso University, here and at Valparaiso; Millikin University, at Decatur; Bradley Polytechnic Peoria; St. Louis University here and at St. Louis; Marquette University at Milwaukee; Illinois State Normal at Normal and Eastern Illinois State Normal here and at Charleston.

MILWAUKEE, Dec. 19.—More than 4,000 men employed in the Milwaukee road shops will be laid off tomorrow. The order is effective in all the seven repair shops of the Milwaukee road, putting more than 10,000 men temporarily out of work. The measure was taken because of the need for economy in operation.

LOS ANGELES, Cal., Dec. 19.—A motion to re-open the state's case appeared likely to delay the presentation of the first defense testimony at the morning session today of the trial of Arthur C. Burch for the murder of J. Belton Kennedy.

BERNARD J. GROGAN SURRENDERS TO THE POLICE IN CHICAGO

Is Named in Connection With the Escape of O'Connor

(By The Associated Press)

CHICAGO, Dec. 19.—Bernard J. Grogan, Chicago saloonkeeper, named today in connection with the flight of "Lucky Tommy" O'Connor, condemned murderer, surrendered to the police tonight.

Grogan's arrest was asked by Ray Twining, state's attorney of Jefferson county, Wisconsin, but almost at the same time Grogan gave himself up a telegram was received from Mr. Twining stating that developments exonerated Mr. Grogan and that he need not be held. The detective bureau tonight announced that Mr. Grogan probably will be released tomorrow after questioning.

In the course of an inquest into the death of a man whose body was found in a creek near Palmyra, Wis., witnesses testified that the dead man, a man resembling O'Connor and a man, witnesses thought was Grogan, had visited a farm in the community last Tuesday. Mr. Grogan is said to own a farm in Jefferson county.

The Chicago police have scouted the theory that the man whose body was found near Palmyra was implicated in O'Connor's escape and are investigating other reports as to the whereabouts of the Chicago slayer, who was to have been hanged last Thursday for the murder of a Chicago detective.

MANY MEN TOOK PART IN COLLEGE FOOTBALL

Statistics Show That Over 1,200 Men Were in the Various Squads—Illinois College Credited With Forty-Seven Players

CHICAGO, Dec. 17.—According to what is probably the first census of Illinois college football players ever taken, there were more than 1,200 college football players on Illinois gridirons in the season just passed.

The actual count from twenty-eight Illinois institutions heard from was 1,190, but the list does not include several more schools which would have topped the 1,200 mark, and left some to spare.

These are the census figures as reported by athletic directors and football coaches:

Augustana college, Rock Island 25
Bradley Polytechnic, Peoria 50
Carthage college, Carthage 34
De Paul university, Chicago 42
Eastern Illinois State Teachers' college, Charleston 24
Eureka college, Eureka 30
Greenville college, Greenville 30
Illinois college, Jacksonville 47
Illinois State Normal university, Normal 41
Illinois Wesleyan Bloomington 21
James Millikin university, Decatur 55
Knox college, Galesburg 58
Lake Forest college, Lake Forest 24
Lincoln college, Lincoln 15
Lombard college, Galesburg 40
McKendree college, Lebanon 27
Monmouth college, Monmouth 23
Northern Illinois State Teachers' college, DeKalb 49
Northwestern college, Naperville 50
Northwestern university, Evanston 90
Quincy college, Quincy 25
St. Joes college, Alton 37
Southern Illinois Normal, Carbondale 40
St. Viator college, Bourbonnais 42
University of Chicago 99
University of Illinois 141
Western Illinois State Teachers' college, Macomb 18
Wheaton college, Wheaton 31

Total 1,190

Figures for the three big universities of the state include freshmen, Illinois reporting 75, Chicago and Northwestern, 40 each. Illinois also had 62 men on intra-mural teams trying for the class championship and 200 in its coaching school, taking football as a required subject, but these latter items were not included. Neither were counted the 75 football players at the Y. M. C. A. college, Chicago.

Here is another little commentary on the popularity of the sport in Illinois, from Dr. Livingston C. Lord, president of Eastern Illinois State Teachers' college at Charleston:

"We report twenty-four men out for football this year out of a total of fifty-two men enrolled in the college in the football season"

PEORIA, Ill., Dec. 19.—Charles E. Morris, Rock Island, Ill., pleaded guilty in the United States district court this morning to violating the national prohibition act and was sentenced to sixty days in the county jail, the sentence to be effective from Dec. 3, when he was arrested. Morris, according to federal officers, was arrested at his home with a still in full operation. A half barrel of mash in the last stage of fermentation and a gallon of liquor was seized.

TEN MILES OF HARD ROADS FOR SANGAMON

SPRINGFIELD, Ill., Dec. 18.—Ten miles of hard road will be built by the Sangamon county board of supervisors, commencing next March. The cost of the improvement, about \$300,000, will come from the road refund received from the state. Four miles of concrete road on South Sixth street, and six miles on the Beardstown road will be built.

CORNHUSKERS LOOK GOOD FOR NEXT YEAR

Eighteen Football Veterans Back and Promising Men From Freshman Team.

LINCOLN, Neb.—(By A. P.)—With a nucleus of eighteen varsity veterans and a string of promising freshmen from which to draw the 1922 Cornhusker football team, the pigskin coaches and athletic directors at the University of Nebraska have forgotten that they annexed the ninth Missouri Valley championship in the season just closed, and have pointed for greater laurels next year.

Nebraska, in its twelve years of Missouri Valley competition, has won nine of the championships and tied one. It was three years out of the conference, re-entering again this year. Nebraska, in eight games this year, piled up 283 points to its opponent's seven.

The Cornhuskers accounted for 107 points to three scored by their opponents in the three Missouri Valley games. One defeat is registered for the season—that with Notre Dame, 7 to 0, early in the season. A drop kick by Ames of Iowa was the only Valley score against the Huskers.

The champion Nebraska aggregation loses but three of its veterans by graduation this year—Captain Swanson, end, Pucelik, guard, and Wright tackle. Swanson and Pucelik leave Nebraska with various honors conferred by sports writers throughout country, both having been chosen on a number of All-American teams. Captain Swanson led his team in scoring, the fleet end turning in six touchdowns and twenty-eight field goals from touchdown this year.

Scherer, Schoepel, and Klemke, ends, Lyman and Weller, tackles, Berquist, Wenke, McGleason, guards Peterson and House, center.

ter, Preston and Russell, quarterback, Noble, Dewitt, Lowellen and Layton, halfbacks, and Hartley (captain-elect) and Hartman, fullback, are the "N" men that will be eligible next year. The 1922 team will have a fine average of about 190 pounds from end to end with available "N" material, compared with about 295 pounds this season.

Nebraska's defeat of the University of Pittsburgh stands out as the paramount achievement of the year and followers here seem more alive to a strong schedule and the possibilities of inter-sectional games with prominent eleven of the east or west, than they do in commenting upon the record of 1921.

CHICK MATTICK TO MANAGE SIOUX CITY

SIOUX CITY, Ia.—(By A. P.)—Walter "Chick" Mattick of St. Louis, will manage the Sioux City baseball club of the Western League for the season of 1922.

will serve the club in the role of player-manager, filling a position in the outfield. He will have a controlling financial interest in the club.

Mattick's baseball career dates from 1906, when he started playing in the Iowa league. He was later he was sent to the Des Moines club, where he played for three years.

Mattick again played with White Sox during 1912 and 1913 season, after which he was traded to the Kansas City club, where he played during the seasons of 1914 and 1915. He purchased by the Vernon club of the Pacific Coast league and after playing there two seasons, he purchased a half interest in the club of the Texas league. Mattick sold his interest at Dallas last year.

WILL BE PLACED ON RECORD
The will of the late George Rentschler was filed for probate in the office of County Clerk Riggs Monday. The will was made Sept. 17, 1917, with J. P. Lippincott and Daniel Dietrick as the witnesses to the signature.

All of the property is left to Mrs. Lucretia Rentschler for her lifetime. At her death certain land in 19-16-11 is left to Howard Rentschler as trustee. The home property in Concord is bequeathed to Ella Rentschler, subject to the life estate of her mother and the residue of the estate is to be divided equally among the children, Ella Rentschler, Frank Rentschler, Katherine Houston, Carl Rentschler and Howard Rentschler.

The will names Howard Rentschler as executor and Mrs. Rentschler is urged to consult him in handling the property during her lifetime.

Pat Mornely was in from Alexander Monday.

STATE STREET CHURCH PLANS ENTERTAINMENT

Annual Christmas Offering Will Be Cantata—Will Be Given Friday Evening.

The annual Christmas entertainment of the State Street Presbyterian church will take the form of cantata.

The title of the cantata is Foxey Santa. The Sunday school of the church will have full charge of the entertainment.

The cantata centers about a group of young people who give a Christmas party to some orphans. A stuffed Santa creates a problem for the real Santa who appears unexpectedly. The entire scheme of the cantata is well planned and grouped with appropriate personages and is composed of Jack Frosts, Snow Queens, Fairies and tots.

The entertainment is free to the public and will take place at 7:30 next Friday evening.

The committee in charge is composed of the following: Miss Edna Wardhough, Mrs. S. F. Foley, Mrs. Harrison King, Miss Cleo Wilkinson, Miss Margaret Tomlinson, pianist.

The following cast will present the cantata:

Santa Claus—Ollie Parker.
Jack Frost—W. H. Marbach.
Miss Mary—Mary Floreth.
Letter Carrier—Harvey Fitch.
Snow Queen—Lucy Coover.

Mr. and Mrs. James McDonald, their thirty-seventh, Mr. and Mrs. Charles McDonald, their eighteenth, Mr. and Mrs. H. D. Crum, their nineteenth, and the host and hostess, their fifteenth.

A delightful turkey dinner was served to eighteen guests. Table decorations and the trimming of the home, carried out the Christmas suggestions. The affair is one of the yearly social events of this neighborhood.

Queen Esther Gave Holiday Party

The Queen Esther circle of Centenary church had their holiday party Monday evening at the church. The regular order of program, the chapter in the lesson book, by Miss Eunice Harle, and the devotional service, led by Mrs. Claude Vail, came before the games and grab-bag. Misses Mabel and Marjorie Biggs and Irene Arter were hostesses last night.

Miss George Orear Gave Bridge for Miss Allcott

Miss Helen Allcott was the guest of honor at a charming bridge luncheon Monday afternoon, given by Mrs. George Orear in the Blue room of the Peacock Inn. After the 1:30 o'clock luncheon, three tables were filled for bridge. Miss Allcott will be a January bride.

Entertained Loyal Men's Class of Centenary Sunday School

The Loyal Men's class, of Centenary Sunday school was entertained by the teacher, C. S. Smith, Saturday evening at an oyster supper. In spite of the bad weather, thirty men were there. Charles W. Boston, class president, T. B. Reeve, C. A. Fiedler, Everett Clampt, Mr. Kennan and Rev. C. D. Robertson, all made short talks after the delicious supper.

Illinois College Y. W. C. A. Gave Christmas Tree

Santa Claus and a Christmas tree were features of a party given Monday afternoon at Academy hall by the Illinois college Y. W. C. A. for thirty little children. Miss Winifred Butcher told a number of special stories which delighted the children. Games were played after the distribution of the presents and refreshments served. The girls of the Y. W. C. A., headed by the social service chairman, Miss Ruby Mann, planned the party.

Queen Esther of Grace Church Entertained

The members of the Queen Esther Bible class, of Grace church, had the pleasure of entertaining a dozen of their younger friends Sunday. At the close of the morning church service, the class, with their guests, went down to the dining room where the meal prepared on Saturday afternoon, was soon made ready. Following this luncheon the guests were invited upstairs to the Sunday school class room where Santa Claus and his assistants had left a tray which contained a present and a package of candy for each one. Words and looks showed that in no uncertain way, the enjoyment of the guests as well as the satisfaction of the hostesses.

FUNERALS

Hopper
Funeral services for Robert Young Hopper, youngest son of Mr. and Mrs. Fletcher Hopper, of West College avenue, were held Sunday afternoon. Rev. T. H. Tull, of Grace M. E. church, officiated. Mrs. A. R. Gregory had charge of the music. Mr. Hopper's Sunday school class of boys, Harry Perrin, Wendell Rawlings, Kenneth Brittenburg, Byron Canaway and Ezra Scott, were pallbearers. Interment was in Diamond Grove cemetery.

Miller.
Funeral services for the late Mrs. John S. Miller were held at 11 o'clock Sunday morning at the Youngblood Baptist church at Nortonville, in charge of Rev. Roy March of White Hall. Music was furnished by the choir of the church, and by Mrs. Beulah Mutch who sang a solo.

There were many beautiful floral tributes and they were in charge of Mrs. Bess Bracewell, Mrs. Fletcher Seymour, Misses Mildred Wright, Stella Dalton, Ethel Whitlock, Rose Lutkemeyer.

Interment was made in the church cemetery, the bearers being Holland Wilcox, Gus Henry, Edgar Chandoia, J. M. McNeely, Fletcher Seymour and Ralph Dugger.

The deceased was born July 27, 1876, in Macoupin county, a daughter of Mr. and Mrs. Samuel Edwards. Her marriage to John S. Miller took place on July 3, 1895, and to this union were born two children, Russell N., residing at home, and Mrs. Frona I. Hayes.

Mrs. Miller was converted at a revival service conducted by Rev. J. D. Henry at Youngblood church in 1894. She joined Hart's Prairie Baptist church in 1897 and during all the after years lived a constant Christian life. She was a member of the Rebekah lodge of Nortonville and of the Eastern Star organization of Scottville.

The death of Mrs. Miller brings a feeling of loss not only to the members of the home circle but also to neighbors and friends. She was a woman of kindly disposition, always ready to aid those not so fortunate as herself.

LOW ELECTRIC RATES MADE IN HANNIBAL

Report Made By W. N. Hairgrove on Inspection of City-Owned Plant—Acted for Chamber of Commerce Committee

Several weeks ago a communication was sent to the Chamber of Commerce, setting forth the belief that this city is entitled to lower rates for electricity and gas than are now available. A committee was appointed to investigate the matter and to make a report at a later time. This committee includes Weir Elliott, Felix E. Farrell and John S. Hackett. W. N. Hairgrove was also asked to serve on the committee and recently, acting for the committee, made a trip of inspection to the electric light plant at Hannibal, Mo. It is a city-owned property and engages in commercial lighting as well as in furnishing the city with light and power.

The plant has for years been an example of economy and efficiency and with the profits the city has been enabled to make numerous substantial city improvements. A number of years ago, with profits from the electric light plants as the basis, the city purchased the water system which had been privately owned.

Mr. Hairgrove has made the following report of his trip of inspection to the committee: "December 19, 1921."

"Mr. James W. Elliott, chairman of committee, Jacksonville, Ill.—Dear Sir: I beg to advise you that on Saturday, Dec. 17, 1921, I went to Hannibal, Mo., to inquire into the electric power rates and the cost of power production in that city. Hannibal is a city about the size of Jacksonville, having about 18,000 inhabitants; it has a municipally-owned electric light and power plant; this plant was built about fourteen years ago, and at the time that they built it, they raised the money by a bond issue and they paid off the bonds and interest thereon from the earnings from the plant, so they never had one cent of tax on the citizens of Hannibal for the electric light and power plant owned by that city.

"It has been operated by the city fourteen years and it has paid its operating expenses, extensions and betterments for the department and has also paid in addition thereto about \$200,000 from its surplus; the city hall of Hannibal was built out of the money furnished by the electric light plant; all intersections and extensions to the plant and all pavements around the plant and public buildings were paid for from the light department and it has contributed from surplus earnings to various funds of the city as was thought proper and for the best interests of the city in sums aggregating \$200,000, besides paying for the plant out of receipts.

"The rates for electric service are as follows: "Base rate eight cents (8c) per kilowatt hour; discount if paid before tenth of month; less than \$1, no discount; \$1 and less than \$5, ten per cent discount or 72c a kilowatt hour net; \$5 to \$10 both inclusive, twenty per cent discount of 66.4 cents a kilowatt hour net; all current in excess of \$10 gross at 6 cents a kilowatt hour net.

"Power rates—Intermittent power service: "Base rate—Five (5) cents a kilowatt hour subject to a graduated scale of discounts making a net rate of from 5 cents to 3 cents a kilowatt hour, according to monthly consumption.

"Power rates to manufacturers when the monthly consumption is 500 kilowatt hours, or more: "Base rate—Three cents (3c) a kilowatt hour with a graduated scale of discounts, making a rate of 2.55 cents to 1.8 cents a kilowatt hour net.

"These rates have not been raised or lowered on account of the war, and these rates have brought a profit every year.

"I inquired into the cost of production, price of coal, etc. They use Franklin county coal, commonly called Carterville coal and last year they paid for their coal at the mines \$2.85 per ton; the freight \$2.10 per ton and it cost \$4.95 per ton for hand shoveling and unloading in the bins, making the total cost of coal to the city of Hannibal \$5.15 per ton and this year they use the same coal and they pay for Carterville coal at this time, \$1.50 per ton at the mine and they pay \$2.10 freight and 10c for hand shoveling into bin, making Carterville coal cost the city \$3.75 per ton in the bin, the total output last year, that is from June to June, was 4,312,000 kilowatt hours, and the average price received was 4.28 cents, the actual cost at the meter was 3.74 cents, the transmission loss from the generator to the meter was 14 per cent.

"I enclose you herewith the annual financial statement of the Hannibal electric light and power department and the Hannibal water department.

"Freight on Carterville coal is less to Jacksonville than it is to Hannibal and power can be furnished in Jacksonville for as little, or less, than it is furnished in Hannibal. In point of fact power could be furnished to the citizens of Jacksonville, at about one-half the price they pay at a fair profit.

"I was advised by one of the officials of the public utilities' commission of Illinois that Jacksonville was now operating under emergency rates that should have been changed long ago; that is over a year ago.

"Mr. A. M. Nipper, superintendent of the light and power department of Hannibal, Mo., has been superintendent of the electric power department for fourteen years, and is a very capable man and

WORLD PROBLEMS UNDER DISCUSSION

Hon. H. R. Rathbone Made Address on Disarmament Conference at Community Forum.

Hon. Henry R. Rathbone of Chicago, who made the address at the community forum of the Congregational church Sunday night, takes a hopeful view of the results of the disarmament conference. Mr. Rathbone looks upon the conference as the greatest step that has been taken to end an end to war. The agreement between President Harding and Mr. Hughes suggested for the association of nations does not provide for the use of force to carry out its conclusions, but will be none the less effective for that reason.

The speaker made reference to the flurry caused by the unexpected demand from France for a ship-building program, but expressed the belief that the differences which threaten will be straightened out and satisfactory agreement reached.

Mr. Rathbone, who is an unusually eloquent speaker, took as his theme the statement from Emmanuel: "No peace can be attained that is not based on the truest of principles." War, he said, is in no way consistent with the principles of Christianity, and no argument is needed to emphasize its horrors. The speaker traced briefly the history of war, at the same time saying that one need only to contemplate the events of recent years to have at hand the most abundant reasons for war abolition.

Mr. Rathbone spoke of the disappointment of the world as the people have realized in the years since the signing of the armistice that the end of armed conflict has not come, for since that armistice day nineteen nations have engaged in war with all its attending misery and suffering.

Mr. Rathbone said that much of the success of the conference at Washington has been due to the outspoken and plain statements emanating from Secretary Hughes. A new day in diplomacy came with that statement. While it is proper for the United States to have business and commercial relations, Mr. Rathbone said that the greatest duty lies in the path of moral leadership.

CALLED TO PASTORATE IN CLINTON

Dr. James M. Duer, well known to so many Jacksonville people, has recently been called to the pastorate of one of the leading Presbyterian churches of Clinton, Iowa. For several years past Dr. Duer has been pastor of a Presbyterian church at Clarksville, Tenn., and during recent months has served as financial agent for a southern college.

In connection with his work he has visited churches in a number of cities and a recent visit to the church at Clinton resulted in his unanimous call.

PIRES CASE GOES TO THE FEBRUARY TERM

Argument for Continuance Made Before Judge Jones—Court Declines to Carry Case Over to May and Sets Trial for February 6th.

The trial of Charles Ellsworth Pires for the murder of James Gaddis was set for February 6, the opening day of the February term of the circuit court. It is not customary to try jury cases at the February term, but Judge Jones fixed the Pires case for the date mentioned and ordered that venues issue for 75 jurors.

This action of Judge Jones came after consideration of the motion entered by W. N. Hairgrove, as attorney for Pires, for a continuance to the May term of court. Affidavits were presented signed by the defendant, by his mother and by Mr. Hairgrove, setting forth that sufficient time had not elapsed for the preparation of the case and alleging various reasons why in the opinion of the affiants that the accused could not be given a fair and impartial trial at this term of court.

The crime with which Pires is accused was committed Oct. 6 and the young man was indicted by the grand jury Nov. 18. The case was subsequently set for Dec. 12 and then advanced to Dec. 19.

At a previous time Mr. Hairgrove announced his withdrawal from the case but he subsequently reappeared in court on behalf of the client in making a motion that the hearing for a change of venue be had before some other judge than Judge E. S. Smith, who was then presiding.

Subsequently without argument Judge Smith arranged for the coming of Judge Jones to hear the case. After reading the affidavits and listening to the arguments of Mr. Hairgrove and that presented in opposition by State's Attorney Robinson, the court indicated that the case would be continued only to February and that the customary rule would be changed and a jury summoned for the February term. This will be the first instance wherein a jury has been summoned for the February term.

State's Attorney Robinson expressed no objection to continuance to February 6, a date about six weeks distant.

E. E. Hairgrove of Kansas City will be associated with W. N. Hairgrove in the defense and appeared in court yesterday. In arguing for a continuance Mr. Hairgrove insisted that there had been too much haste on the part of the state and that it was customary in such cases to grant a continuance. He maintained further that he had not had sufficient time for the presentation of the case and the interests of his client demanded a postponement.

In a statement preceding his decision Judge Jones indicated that he did not consider that a showing had been made to really indicate that there had not been ample time for the preparation of the defense. He indicated too that while he realized that Mr. Hairgrove is a busy attorney, that there had probably been plenty of time if the attorney had been disposed to take advantage of it.

However, the judge said that in order that there might be no shadow of doubt as to ample time for the preparation of the defendant's case, that he would continue the case to the February term and set it for the opening day. He indicated that May was too distant a date and that no good reason had been shown why there should be a continuance to that term.

WHITE HALL WOMAN CELEBRATES BIRTHDAY

Mrs. Sarah A. Harding Has Reached Age of Seventy-Four Years—Funeral of Mrs. Otis Painter—Other News.

White Hall, Dec. 19.—Mrs. Sarah A. Harding, mother of the greenhouse proprietor, A. J. Harding, celebrated her 74th birthday anniversary on Friday with a large gathering of friends at the new Harding home at the terminus of West Franklin street. Numerous gifts were presented to the venerable lady.

Funeral services over the remains of Mrs. Otis Painter were held at the home on Railroad street, opposite the Varble restaurant, at 2 o'clock today, conducted by Rev. A. J. Johnson, and the burial was in the White Hall cemetery. Her age was 33 years and she is survived by her husband and two small children. She was taken to Our Savior's hospital in Jacksonville about a week before her death, which occurred at 3 o'clock Thursday morning following an operation.

The death of Mrs. Frank Patterson of Roodhouse, took place on Friday. Her age was about 55 years and she was well known having spent much of her time in the grocery store conducted by her husband until his retirement a few years ago, when he sold the business to his long-time employee, Harry Hutton. Mr. Patterson and a son, Clyde, survive. Her maiden name was Nan Allen. Her brothers and sisters are Thomas and James Allen, Roodhouse; Mrs. Purvine Henderson, east of Roodhouse; and Mrs. Everett Story, Lincoln, Neb. Funeral services were held in the Baptist church at Roodhouse at 2 p. m. Sunday. The name of her father was William Allen, a pioneer of east of Roodhouse.

Funeral services over the remains of Miss Lena Boehm, whose death was noted Friday, was held at the home on Centennial street at 2:30 P. M. Sunday, conducted by the Rev. Loe A. Hanchett pastor of the Presbyterian church. Burial was in the White Hall cemetery.

Total rainfall at White Hall for the 24 hours ending 10 a. m. Friday, is 0.59 inch.

MRS. RICHMOND DIED AT CALIFORNIA HOME
Former Resident of This City Passed Away at Residence of Daughter, Mrs. Burgess.
The news of the death of Mrs. Emily A. Richmond, which occurred at the home of her daughter, Mrs. Charles G. Burgess, Pomona, Calif., on Saturday, Dec. 17, has been received. She was

taken with pneumonia on Friday, Dec. 9.
In addition to the daughter mentioned, two sons survive her—Carl A. Richmond, an attorney in New York City, and Frank A. Richmond, Washington, D. C.
Mrs. Richmond was born in the old Illinois College building that was burned—of which the present "Club House" remains. Her death leaves Mrs. J. P. Lippincott, the only survivor of the im-

mediate family of Prof. and Mrs. Samuel Adams.
Mrs. Richmond was a teacher first in the Academy, afterwards in the High School.
Her calm, firm, sweet dignity was such that pupils usually yielded ready obedience as a matter of course. Once, in high school, one of the older boys thought it manly to defy his teacher and do things to annoy. A quiet private talk brought a different frame of mind. He frankly cried like a child, apologized and gave no further trouble.
This personal influence lasted through life. Wherever she lived, she attracted the cordial friendship of the people.
In Sunday school here she sought out and taught a class of factory girls. They were very loyal, not only once, but several times stoutly matrons have informed the writer that they were in that class.
In after years she was able to aid her own children in their studies in mathematics and modern languages.
Her married life was spent first among the mountains of Vermont, then on the prairies of Illinois, Iowa, Dakota and amid the flowers in Southern California. Amid those flowers, in the companionship of her daughter, son-in-law and grand-daughter, a spirit as sweet as the flowers took its flight and on Monday the body was laid beside that of her long mourned husband.

WELL KNOWN GREENE COUNTY MAN DIES

Death of S. A. D. King Came at Home in Athensville—Was For Years Prominent Politician in Home County.

White Hall, Dec. 18.—S. A. D. King, for upwards of forty years a prominent figure in Greene county politics, died in his home at Athensville at 7 o'clock Saturday morning. The cause of death was cancer of the stomach. His age was about sixty years. He was a brother of Judge D. F. King of Roodhouse. He was a member of the Greene county board of supervisors for several terms. His father, Alexander King, a pioneer of the Athensville neighborhood, was a member of the Illinois legislature in his day.

The deceased was a member of the Baptist church and the I. O. O. F. order, and funeral services will be held in the Baptist church

Monday under auspices of the Odd Fellows.

The burial will be at Greenfield, where his wife was buried some three years ago. There are four sons: M. A. King, a rural mail carrier at Athensville; Noel, chief clerk in the internal revenue office at Springfield; Bert, also of Springfield, and Samuel, Los Angeles.

EVERYTHING
points to a big sale of candy in packages this year as you can buy a nice package at MERRIGAN'S for a small amount, and then when you send a package of Whitman's that has the reputation behind it, it reflects good taste of the sender.

CALUMET BAKING POWDER SAVES THREE WAYS

A moderate priced Baking Powder of great merit. Honestly made. Honestly sold. Economical in every way. Every particle is full of actual leavening value. A full money's worth.

You save time when you use it. Calumet is all baking powder. It begins to raise bakings the instant they are put into the oven. You don't have to keep "peeping" to see if bakings are all right. You know they are. Calumet is sure—never fails. That's economy. And true economy—in cost—in use—in time.

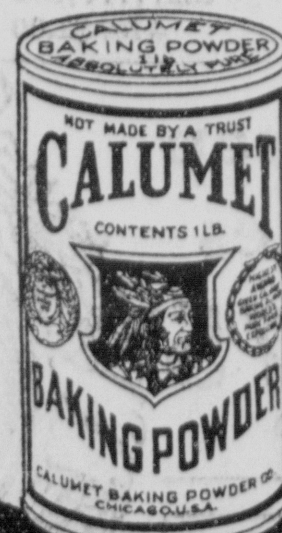

One trial will prove it and show you in results why millions of shrewd, thrifty housewives prefer Calumet to all other brands.

The unfailing strength of Calumet guarantees perfect results. Not only saves flour—sugar—eggs, etc.—but saves Baking Powder. You use only a teaspoonful—you use two spoonfuls or more of many other brands.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

Highest Quality

Highest Awards

HAVE YOU NOTICED THIS?

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

PRICE OF WHEAT TAKES ADVANCE

By Associated Press.
CHICAGO, Dec. 19.—Wheat took an upward swing in price today largely as a result of indications of export business at Winnipeg. The market here closed firm 1 1/2 to 2 1/2 not higher, with May \$1.14 to \$1.14 1/2 and July \$1.04 to \$1.04 1/2. Corn gained 1/2 to 3/4 and oats 1/4 to 1/2. In provisions, the outcome varied from 5c decline to 17c advance. At first, the wheat market showed lack of support with many traders correctly anticipating an increase of the United States visible supply total. Gradually however, attention veered to the ascent of values at Winnipeg and there was a display of enlarged buying power here based on gossip that the Winnipeg advance reflected European demand. Forecasts of a cold wave which might catch a good deal of the domestic winter crop without snow protection tended also to stimulate some buying. Furthermore reports were current that rains were interfering with the harvest in Argentina. Under such circumstances the market finished at practically the top figures of the day.

Corn and oats rose with wheat, although early in the session the bulls had been at a disadvantage owing to big receipts of corn. On the other hand rural offerings of corn were reported as small despite colder weather promising to harden muddy roads. Provisions were irregular, fluctuating chiefly according to changes in the hog market.

Better Dentistry for Less Money
My Motto

Walk a few blocks and save money on your Dentistry. I am not a stranger in this community, having spent 20 years successful practice in Illinois, being a native of Scott county. I have my office at my residence, where you will find pleasant surroundings and an up-to-date Dental Office. My prices are in reason. Others say I cannot do dentistry at the prices I ask. As long as I am satisfied and my patients are pleased, we should worry what the other fellow says. Come in and let me examine your teeth free.

LITERBERRY M. E. AID SOCIETY MEETS
Literberry, Dec. 19.—The Literberry M. E. society met Wednesday with Mrs. Ellis Thompson, hostess. This was an all day meeting and the morning was spent in preparing the tables and placing the good things that Mrs. Thompson had prepared and finding places for all the nice things that were brought by the members. At noon the feast was ready and I'll not try to describe it, for it would take too much time, but there was everything suitable to a Christmas dinner, even to home made ice cream, made with real Jersey cream. The decorations for the dining room and parlor were of the Christmas times and very pretty. 19 members were present and some company. The meeting began at 2 p. m.

Song—Help Somebody Today.
Scripture—Luke 2:1-20.
Prayer by Mrs. C. A. Beavers and Mrs. Oscar Petefish.
Minutes of last meeting read and approved.
Roll call, answered by "The First Christmas That I Remember."
Finance report from Mrs. Levi Deatherage was accepted.
Mrs. Obermeyer's team entered with the following program:
Comedy—"A Brilliant Idea."
Characters—Mrs. Flora Nicholas, chairman; Mrs. Rolf, who is observing; Mrs. Mary Rudisill, who hates turkey suppers; Mrs. Ellen Deatherage, who wants a cake sale; Mrs. Ellis Thompson, who does not want an entertainment; Mrs. Obermeyer, who has a brilliant idea.
Music by Victrola.
Recitation—Irene Thompson.
Contest—Blind feeding the blind.
Jack Horner pie, from which all got a plum.
Reading—The Gift to the King, by Mrs. Obermeyer.
Tableaux—The Star of Bethlehem and the babe in the manger, represented by Mrs. Ross Goodpasture and little babe, Charles Richard.
A good collection.
Benediction.
The January meeting will be at "Golden Green," with Mrs. Oscar Petefish.
Chester Brainer, steward of the Grace Chapel church, was in Literature Thursday calling on friends.
The primary class of the Baptist Sunday school are having some nice pictures made and they will soon be ready for their friends.
Word has been received from S. W. Nichols and his daughter Frances, who are now at New Orleans where they expect to be for some time.
The Baptist Sunday school is making preparations for an entertainment and Christmas tree on the evening of the 23rd, Friday. Santa Claus will be very welcome should he attend.
The Mission Circle will meet on the 30th with Mrs. John Daniels. All who are taking part in the reading contest, please bring their books and get others.

Preston & Brown of Baldwin, Ill., will sell 25 head of Jersey, Holstein and Short-horn dairy cows at New Berlin, Ill., Thursday, December 22.

FLORETH MACHINE SHOP BURGLARIZED

BACK BAD TODAY?
Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors. Ask your neighbor.
M. J. Carlton, 325 E. North St., Jacksonville, says: "I had a dull, aching through my back and many times I couldn't get up from a chair. When I would bend over I would have such a sharp catch in the small of my back it would almost double me up. I have often had to have a pillow braced against my back and sat up that way in bed because I couldn't stand the pain through my back lying down. My kidneys acted irregularly and the secretions were highly colored and contained sediment. I read of how good Doan's Kidney Pills were and began using them. I only used one box before I felt fine and my cure has been lasting. I surely am glad to recommend Doan's for what they did for me."

moved when he was a small boy to the home a short distance west of Murrayville where he grew to manhood. He was married to Miss Linnie Ketter Nov. 1, 1895 and to this union 10 children were born, seven surviving, Helen Hall, patient sufferer for a number of weeks. He kept his faith in his Savior until the last and continued to offer prayers through his brothers, 1 sister and aged mother around the family circle. He was all knew him, was of a kind, congenial disposition. He had been a death, the fully cared for and comforted by church.
